

OUR RECOMMENDED INSTALLATION PRODUCTS

At Stone Tile we aim to unite quality, design and exceptional customer service. Purchasing your tile is the first step to realizing your design. Your floors are only as good as the materials used. Below you will find some of our trusted sources to help complete your renovation.

YOUR BEST CHOICE FOR INSTALLATION SUCCESS

Grout & Setting Materials

ARDEX is a recognized innovation leader for specialty building products throughout North America and worldwide. Globally, ARDEX is well known for its innovative tile and stone installation systems and is the dominant market share leader in most European, Scandinavian and Australian markets. This has been achieved by delivering consistent, high-performance solutions that reduce time, cost and risk, even in the most demanding installation environments.

ARDEX introduced the first ever thin set mortar in 1962 and continues to bring revolutionary technologies to market. Most recently MICROTEC® Technology, a combination of high-performance fibers, polymers and engineered cements was introduced. This new technology provides outstanding, real and tangible benefits such as:

- Significantly extended open times
- Increased strength
- Longer pot life
- Excellent sag resistance
- Faster drying times
- Creamy, smooth consistency

Keenly focused on excellence in all facets of its business, ARDEX innovative, high-performance technologies combined with expert technical support, the ARDEX Customer Service Center of Excellence and extensive professional training through the ARDEX Academy makes ARDEX the ultimate partner and your best choice for installation success!

Profiles

Profilitec offers a range of technical and decorative solutions for floors and walls.
